DELAWARE!

THE Town of Delaware is situated in Kansas territory, on the south side of the Missouri river, three miles above the line of the Delaware reserve, and ten miles below Leavenworth city. This town was laid off and located in February last, on a tract of land densely timbered, easy of access from the surrounding country and situated favorably for health: already there are a number of houses going up. It has the following resources as a good and prominent point: minent point:

Firstly-A Good Landing. The Missouri river at this point is compressed within a narrow space, the channel is remarkably deep on the Delaware side, and washes for a mile above and below, the Kansas shore, thus affording at all times a safe and secur-

Secondly-Timber in Abundance The tract of land on which the town is laid at, is covered with valuable timber, for build-ng purposes, besides this, there is on the oppoto side of the river a large bottom, heavily mbered with oak, ash and walnut.

Thirdly-Its Position. This town has on the Kansas side of the river supporting it, a large district of the very best lands in the Territory, while on the opposite side of the river there is a large and fertile bottom, teeming with population. This bottom is of itself sufficient to sustain a town of large or itself sufficient to sustain a town of large size. This is the most accessible point from which the Delaware nation of Indians can pro-cure their supplies. Delaware is the nearest and most accessible point at which the country on the Kanssa river can do their receiving and forwarding business. There are a great num-her of towns on the Kansas that will find it to their interest to make this place their shipping point, among them we would name Osawkee Calhoun and others. As there is a good ferry at this point, emigrants traveling to Kansas Ter tory on the great State road from St. Joseph St. Louis, will find that this is the int at which to enter the territory, as by this neans they avoid a great deal of un

Regular Independent Packet.

For Lexington, Kansas, Fort Leavenworth, Weston, Atchison and St. Joseph.

THE staunch, well built and well furnished Steamer Ben Bolt, Asa Annis, Master, will run as a Regular Packet during the entire season between St. Louis and St. Joseph. The Ben Bolt is emphatically an independent packet, and will continue in the trade as such, and opposed to the present steamboat monopoly.

The Ben Bolt is of excellent carrying capacity, and her accommodations for passengers are unsurpassed. Every effort will be made by the officers to merit a liberal patronage. This boat has entered the trade on the Missouri River, with the determination on the part of the officers to oppose all menopolies, adopting the maxim, that competition is the life of business. Patronise boats, if you would carry out this principle, that will not enter into a combination to hire up all the Pilots to keep down competition.
